# Procedure acceptance and publishing process – workflow

## BUSINESS NEED

Expansion of the existing quality management process by automatization of the document acceptance process in accordance with the ISO 9001 standard.

## WHAT WE DID

- Conducted business and system analysis.
- Designed the architecture and deployed the technical project of the new solution.
- Delivered a complete solution.

## EFFECTS

An entirely automated document acceptance process:

- Generates multilanguage document templates based on the forms filled in by users.
- Publishes documents in SharePoint library.
- Checks the validity of the files by launching cyclic revisions.
