

AI-Empowered SAFe® SAFe Advanced Scrum Master

Build high-performing teams that collaborate effectively to improve flow and Agile Release Train performance.

Strengthen your impact by mastering the advanced facilitation and conflict management skills needed to foster seamless collaboration across multiple teams. The SAFe Advanced Scrum Master course equips you to support Agile Release Train (ART) health by building high-performing teams and applying AI as a powerful work accelerant to increase effectiveness. You will learn to resolve complex team-level anti-patterns and optimize flow to ensure teams deliver maximum value together. By the end of this training, you will be prepared to drive ART success through superior team-level coaching and modern AI tools.

What You'll Learn

Lean Agile Transformation

Navigate complex collaboration challenges across multiple teams on the Agile Release Train.

Facilitate Value Flow

Improve team-level value flow by applying advanced XP and Kanban frameworks.

Build High-Performing Teams

Drive better outcomes by building high-performing teams.

Apply Practical, Responsible AI Prompting Techniques

Integrate responsible AI tools to streamline workflows and solve complex problems faster.

Topics Covered

- Exploring the Advanced Scrum Master role in the enterprise
- Applying SAFe Principles from the perspective of a leader
- Exploring Agile and Scrum anti-patterns
- Improving flow with Kanban and XP
- Building high-performing teams
- Improving ART performance and supporting the RTE

Benefits of Earning Your SASM Certification

Earning your SASM certification and keeping it active also provides access to SAFe+ benefits like SAFe Skills and selected workshops, in addition to SAFe knowledge articles, community forums, exclusive content, and more.

Having a clear methodology and training in place has been very helpful when hiring people. Being able to tell candidates that we take Agile principles seriously—by mentioning that we have trained and certified Product Owners and Scrum Masters, and that we follow a clear Agile path—definitely makes a difference.

– Walter B., CTO, Censhare

Who Will Benefit?

- Experienced Scrum Masters
- Team leads and Agile coaches
- SAFe Professionals preparing for the Release Train Engineer role

What You Get

Class registration includes:

- Digital course workbook and materials
- One-year access to SAFe Insider, which includes unlimited access to the SAFe Framework, SAFe CoPilot, and select SAFe Connect Forums
- Opportunity to earn an industry-leading SAFe Advanced Scrum Master (SASM), renewed yearly

Attendees must attend each day of the course in order to qualify for the exam.

Prerequisites

All are welcome to attend the course, regardless of experience. However, the following prerequisites are highly recommended:

- Experience working in a SAFe environment.
- Scrum Master certification (SSM)

Professional Development Units (PDUs) and Scrum Education Units (SEUs)

- Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications
- Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance
