

# NIS 2 COMPLIANCE MADE SIMPLE

Turn ServiceNow into a strategic  
advantage with Sii trusted guidance

## THE CLOCK IS TICKING

The NIS 2 Directive isn't just another regulation—it's a fundamental shift in how Europe approaches cybersecurity across critical sectors. Organizations must implement robust risk management, incident response, and information security measures—or face severe consequences.

## AT RISK:

Penalties up to **€10 million** or  
**2% of global annual turnover**

Reputational damage  
from security breaches

Operational disruptions  
from non-compliance

## WHO MUST COMPLY:

Organizations in 18 critical sectors including energy, healthcare, transportation, banking, public administration, and digital services.

**24-hour incident reporting requirements**

Regular audits and compliance reviews

Implementation of advanced cybersecurity measures

Continuous security monitoring

Third-party and supply chain risk management

## SERVICENOW: YOUR NIS 2 COMPLIANCE PLATFORM

Transform compliance from a burden into a business advantage with ServiceNow's unified platform that seamlessly integrates:

- **Integrated Risk Management (IRM)**  
Centralize policy management, risk assessment, audit controls, and business continuity
- **Security Operations (SecOps)**  
Detect, classify, and respond to security incidents with automated workflows
- **ServiceNow Vault**  
Protect sensitive data through advanced encryption, anonymization, and secrets management
- **Third-Party Risk Management**  
Assess and monitor your entire supply chain with automated assessments
- **Unified compliance environment**  
Manage all NIS 2 requirements in one intuitive platform

## HOW SERVICENOW ADDRESSES NIS 2 REQUIREMENTS

NIS 2 Requirement	ServiceNow Solution	Business Impact
Incident Management	Automated detection, classification, and response to incidents	Respond up to 70% faster
Incident Reporting	Real-time notifications to authorities with comprehensive documentation	Meet 24-hour reporting requirements
Risk Management	Continuous monitoring and risk assessment	Reduce security incident risk by 60%
Audits & Controls	Automated audit workflows with complete change history	Demonstrate compliance with confidence
Vendor Risk Management	End-to-end supplier assessment and monitoring	Secure your entire supply chain

# PROVEN RESULTS: ENERGY SECTOR TRANSFORMATION

A major European energy provider implemented ServiceNow IRM and SecOps with Sii's guidance, achieving:

**70%**

**faster** incident response time

**30%**

**reduction** in risk management costs

**3 months**

**Full NIS 2 compliance**

## THE SII ADVANTAGE
